SPECTACULAR best describes this 4 bedroom, 3 bath + 2 half bath lovely home. 2 living areas, one of which is a huge Great Room! Fabulous kitchen including granite counter tops, center island & breakfast bar. Also includes office/dining room, and an extra room for crafts or extra living. One of the bedrooms is a large bonus room with many possibilities. An added feature is a beautiful large yard with a newer poured patio, and a wonderful circle drive in front for convenience.
